

Meeting notes 11/19/2025
5:00 - 5:15

Max: Worked on the location saving feature in UI and database. Will work on the photo feed and general styling.

Sebastian: Worked on uploading and posting features and added a feature to delete posts. Also got the autocomplete feature done. Will work on location suggestions and editing posts.

Brody: Worked on profile page. Added features for viewing user-saved locations and user posts. Also did CSS touchups. Next week, we will focus on styling and review the project rubric to ensure we have covered everything.
