

Meeting Week 2 Group Project We-ather:

- Went over the rubric
- Showed the login page and register page
- Demonstrated connection to the database
- Successful login page screen
- Discussed connecting React to existing JavaScript code
- React not allowed, handlebars permitted
- Max worked on the login page, going to work on uploading images
- Seb worked on Jira, will work on current location and location suggestion
- Brody worked on React(abandoning), will work on front-end going forward
