Team Meeting 10/29
Scribe - Max

We decided to scrap the live traffic camera feed idea, since there were no good APIs to use. As for live weather updates, there are many free and easy to use APIs. We will decide on a consistent theme/style for all the pages and start coding tomorrow (10/30).

Brody
- Front end coding
- Create JS skeleton
- Home page

Daniel
- Front end development
- Profile page
- Detailed view page

Seb
- Back end development
- Wants to try front end to get more experience
- Finishing Figma pages

Max
- Use case diagram
